Description

The halogen light source of the Ingo Maurer lights is unfortunately no longer offered by the manufacturer.
Conversion to LED technology is unavoidable if the lamp continues to be used, due to the design!

This conversion kit is suitable for converting the following lamps from the LUCCELLINO series by the manufacturer Ingo Maurer from the previously used halogen light sources to modern LED technology. The conversion kit consists of the transformer/driver required for the conversion and the corresponding LED light sources.

- Version 1 - Lucellino NT Halogen 230V -
Number of light sources 1, number of drivers 1
- Version 2 - Lucellino Doppio 230V -
Number of light sources 2, number of drivers 1
