voltage suitability	230 - 240 Volt
LED	included
Materials	Glass and metal
Max. power	1 x 18W LED Watt
Contents of the package	Luminaire with integrated LED
Power in watts	18W integrated LED W

Description

Pod is created through a fully handcrafted glass process in which each diffuser becomes a unique piece. The glossy white glass surface with its satin rim conceals the mounting structure completely and leaves the shallow round form as the defining element. Version G is the larger of the two wall and ceiling bodies and is offered with integrated LED, 2700K or 3000K, and two dimming variants.
