Description

The Foscarini Solar Outdoor is a floor lamp for outdoor use. It was designed in 2011 by Jean Marie Massaud. The Solar Outdoor is reminiscent of a contemporary fireplace where people meet to talk. Depending on the connection options, the lamp has a protection rating of IP44 (with plug connected) or IP65 (with clamp). With IP44 protection, it is protected against splash water from all sides and solid foreign bodies with a diameter of at least 1 mm. With IP65, the lamp is dust-tight and protected against water jets from any angle. The upper diffuser disc has a brown wood-look finish. The semicircular lamp shade made of unbreakable polyethylene can be tilted by 15°. The Solar Outdoor is an impressive composition and an ideal illuminated eye catcher.
