Daphine LED

surface

- white
- red
- Metallic bronze
- yellow
- nickel
- black

Technical details

Country of Manufacture	 Italy
Manufacturer	Lumina
Designer	Tommaso Cimini
Protection class / IP rating	IP20
Contents of the package	LED
voltage suitability	110 - 240 Volt
Projection in cm	48
material	metal
dimming	integrated Pushbutton dimmer
Switchability	two stages lever switch
Wattage	9 W
LED	inclusive
Colour Rendering Index	97
Luminous flux in lm	775
Color temperature in Kelvin	2,700 extra warm white
light distribution	directly
Dimensions	H 35 cm

Description

The Lumina Daphine LED combines classic design with modern LED technology. The individual lamp arms can be swiveled and rotated independently. Together with the 360 ° rotatable head, the lamp is extremely flexible.

The base doesn't contain only the converter, but also a switch for the regulation of the light. A magnetic key, which is supplied, can be switched between the on / off switch and the dimmer at the base of the lamp. The on / off switch has the following levels: One, half light, and off. The dimmer is a touch dimmer, the light intensity is continuously dimmed by long holding. The classic design is offered in the colors black soft-touch, matt white, red, yellow, metallic bronze and nickel plated. As standard, the table lamp has a colour temperature of 2,700 Kelvin, on request it is also available with 3,000 Kelvin. If you like to order this article, please specify the colour temperature under the item Order Review in the field Order Comment.
