

Lumina

Flo Desk

Oberfläche

- Metallic bronze
- yellow
- gunmetal
- brushed nickel-plated
- red
- black
- white

Technical details

Country of Manufacture	 Italy
Manufacturer	Lumina
Designer	Foster+Partners
Protection class / IP rating	IP20
Contents of the package	LED
voltage suitability	110 - 240 Volt
Projection in cm	39
material	aluminum, steel
dimming	2-position Dimmer
Wattage	6 W
LED	inclusive
Colour Rendering Index	>90
Luminous flux in lm	500
Color temperature in Kelvin	2,700 extra warm white
lamp stand dimensions	19 cm
light distribution	directly
Dimensions	H 43 cm

Description

The Lumina Flo Desk is a timeless table lamp that is perfectly suitable as reading lamp. It is made of aluminium and steel offered in a variety of surfaces and colours. Thus it is either matt coated in black, white, red, yellow, orange, cyan, green, metallic bronze or in one of the metal optics being gunmetal or brushed nickel. The Flo Desk is controlled via the switch attached to the lamp head. This switch has three positions being: Off, 100% light intensity, 50% light intensity. One 6 watt LED with 2.700 Kelvin is integrated. On request you can order this lamp with 3.000 Kelvin. The Lumina Flo collection is the result of the first cooperation of Lumina and the design studio Foster & Partners. The design is minimalist and timeless integrating fine details into a slim shape. The idea was to create a functional reading light embedding the latest LED technology into a simple floating shape. The modern elegance of the Flo Desk is achieved not only through its sophisticated shaping but also through the omission of external mobile parts like coils or springs. If you like to order this article with 3,000 Kelvin warm white, please specify the Kelvin colour temperature of the lamp under the item Order Review in the field Order Comment.
