Description

The Byok Piani Rondo 68 Uplight is the medium-sized pendant lamp of the modern round ones belonging to the Piani collection. There are installed ten LEDs - dazzle-free - enabling to singly exchange them. These LEDs radiate their indirect light upwards to the ceiling. The lamp body of this pendant lamp consists of a strip geometry being 8 mm thin and it is milled of massive aluminium. This lamp body is polished by hand afterwards and thus it reflects its surrounding and seems to vanish in it. The lighting body is held by four fine copper wires which provide for the current supply at the same time. The supplied canopy has a diameter of 26 cm and a height of 6.8 cm. On request, the Piani Rondo 68 Uplight is also available with a cubic canopy, which is 30 cm high with a diameter of 6 cm.

The integrated LEDs are dimmable with a trailing edge phase dimmer. In addition, the lamp is also available on request as a version that can be dimmed via smartphone / tablet using Bluetooth.
