Contents of the package	LED
voltage suitability	110 - 240 Volt
Diameter in cm	4
material	fiberglass, methacrylate, resin
Wattage	2.1 W
LED	inclusive
Colour Rendering Index	>90
Luminous flux in lm	181
Color temperature in Kelvin	2,700 extra warm white
Dimensions	H 60 cm Ø 4 cm

Description

The Vibia Bamboo 4800 - 4802 is with 60 cm in height the smallest bollard light for outdoor use in this collection. The designer are Antoni Arola and Enric Rodríguez. The light is offered in khaki, brown and off-white (cream-white). An efficient 2.1 watt LED is included and provides a direct, selective light emission. With IP66 the Bamboo lights are well protected against splashing water and dust proof.

Two versions are on offer: In the version 4800 the Bamboo lamp is offered with a ground spike which is anchored in the ground. In version 4802, the Bamboo is permanently installed into the ground.
