Description

The Serien Lighting One Eighty Suspension is a pendant lamp with the classic shape of lampshade. This version has a cable which can be cut as needed. Also an adjustable version (Suspension Adjustable) is on offer. Different surfaces as well as sizes are available. The lamp is also offered with a canopy for direct mounting or for mounting on a power rail with included adapter.

On request extra length of the pendant is offered. A coverplate is included for the version with canopy, this conceals the light connection.
