

Luceplan

Bap LED black table base

Technical details

Country of Manufacture	 Italy
Manufacturer	Luceplan
Designer	Alberto Meda, Paolo Rizzatto
Year of design	2011
Protection class / IP rating	IP20
Contents of the package	LED
voltage suitability	110 - 240 Volt
material	aluminum, glass, nylon
surface	black
dimming	integrated Pushbutton dimmer
Wattage	12,5 W
LED	inclusive
Luminous flux in lm	466
Color temperature in Kelvin	2,700 extra warm white
Version	Table base
Arm length	50 cm
lamp stand dimensions	26 x 15 cm
light head dimensions	30 x 2 x 2 cm
light distribution	directly

Description

The Luceplan Bap LED was designed 2011 by Alberto Meda & Paolo Rizzatto especially as lighting for working at the monitor. The movable lamp arm can be adjust parallel to the tabletop so that the desk is always optimally illuminated without light reflections or light disturbances arising on the monitor. The Bap LED is offered as table lamp with base or clamp, as recessed or mounted variant as well as a wall lamp.

In the light head, a blue colour filter is installed, which adds a pleasant colour cast upwards. A dimmer is also integrated into the Bap LED.
