Technical details

Country of Manufacture	 Italy
Manufacturer	Luceplan
Designer	Alberto Meda, Paolo Rizzatto
Year of design	1985
Protection class / IP rating	IP20
Contents of the package	Leuchtmittel/Bulb
voltage suitability	110 - 240 Volt
material	aluminum, nylon
Base / Socket	GY6.35
Switchability	on the light head
Power (max. Watt)	10 Watt
Arm length	45 + 45 cm
light head dimensions	10 cm
light distribution	directly

Description

This Luceplan Berenice Tavolo is a table lamp, which is mounted with the fixing pin space-saving directly in the tabletop. There are also available table lamps with base from this series.

The arms can be tilted as desired and adjusted, while the light is primarily emitted directly. There are offered glass reflectors in satin white, yellow, sage green and rose as well as metal reflectors in aluminum, brass and black. Through the glass reflectors the light is also emitted indirectly into the room. On the light head, an on / off switch is integrated. The light can be used with halogen lamps or LEDs. This lamp was designed in 1985 by Alberto Meda & Paolo Rizzatto.
