

Vibia

Flamingo 1530

Version

- gold
- copper
- graphite
- white

Technical details

Country of Manufacture	 Spain
Manufacturer	Vibia
Designer	Antoni Arola
Year of design	2015
Protection class / IP rating	IP20
Contents of the package	LED
voltage suitability	230 - 240 Volt
material	acrylic, aluminum, methacrylate, steel
Height adjustment	height determinable
dimming	1-10V dimmable
LED	inclusive
Colour Rendering Index	>90
Luminous flux in lm	1,662
Color temperature in Kelvin	2,700 extra warm white
canopy dimensions	16 cm
Shade diameter	90 cm
system performance	3 x 5.6 Watt
total height	350 cm
Dimensions	H 100 cm

Description

The Vibia Flamingo 1530 has two lamp heads. One lamp head contains two LEDs and is located below the three shades. This lamp head emits direct light and indirect light. A part of the light is directed upwards by the translucent shades, a part of the light is reflected from the shades also into the room. For additional ceiling illumination, the second lamp head illuminates the top shade, which mainly reflects the light to the ceiling.

The shades are made of opal white, thermoplastic methacrylate, the lamp heads made of aluminum. The light heads are available in gold satin matt, graphite-grey matt lacquered, white matt lacquered and copper glossy. The canopy is always in the matching colour to the lamp heads. The suspension height of the pendant lamp can be varied by shortening the cables. The light can be dimmed on site. A via smartphone with Casambi module dimmable version is also available on request.
