Description

The Vibia Flamingo 1560 pendant lamp combines aesthetics with a touch of poetics, functionality and radiant light. Ambient light is emitted via the transparent shades and punctual light is emitted via the LEDs at the same time. For additional ceiling illumination, the lamp head dy above the shades emits light to the top shade, so that this shade reflects the light to the ceiling. The lamp is offered with the following colours for the lamp head and the canopy: Copper glossy, white matt lacquered, gold satin matt and graphite-grey matt lacquered. The cables of this lamp can be shortened if necessary. The Flamingo 1560 can be dimmed by the customer; a DALI dimmable version or a version that can be dimmed via a smartphone with Casambi module is also available on request. With a Casambi module, it is possible to operate the lamp via smartphone or tablet using the Casambi app via Bluetooth. Casambi technology also offers the option of switching the light on at specific times via a timer.
