

Vibia

Mayfair 5505

Oberfläche

- graphite-grey
- copper
- gold
- white

Technical details

Country of Manufacture	 Spain
Manufacturer	Vibia
Designer	Diego Fortunato
Year of design	2016
Protection class / IP rating	IP20
Contents of the package	LED
voltage suitability	110 - 240 Volt
material	polycarbonate, steel, zinc
dimming	sensor dimmer
LED	inclusive
Colour Rendering Index	>90
Luminous flux in lm	2,027
Color temperature in Kelvin	2,700 extra warm white
Shade diameter	30 cm
Shade height	6 cm
lamp stand dimensions	15 cm
system performance	1 x 2.4 + 1 x 12.6 Watt
Dimensions	H 52 cm

Description

The Vibia Mayfair 5505 table lamp emits most of its light directly downwards. A small part of the light is also emitted indirectly upwards. This lamp has an opaque shade, and the Mayfair 5500 from this series is also available with a translucent shade.

The Mayfair 5500 is available in four surfaces: graphite grey matt lacquered, gold satin matt, white matt lacquered and copper satinised. The table lamp can be dimmed by means of an optical sensor on the base of the lamp. It is switched on or off by briefly touching the sensor. Touching the sensor for a longer time increases the light intensity, touching it again reduces it.
