

Vibia

Mayfair 5525

Oberfläche

- graphite-grey
- copper
- gold
- white

Description

The Vibia Mayfair 5525 pendant lamp emits most of the light directly downwards. Only a very small part of the light is emitted upwards and reflected from the wall or ceiling. With this pendant lamp the designer Diego Fortunato updates the design of pendant lamps over billiard tables in a fresh and innovative way. The lamp is available in the following surfaces: graphite grey matt lacquered, gold satin matt, white matt lacquered and copper satin. The pendant lamp cable can be shortened if required. The light can be dimmed by the customer with 1-10 volt or Push and is also available on request as a DALI dimmable or with Casambi module dimmable version. With a Casambi module, it is possible to operate the lamp via smartphone or tablet using the Casambi app via Bluetooth. The Casambi technology also offers the option of switching the light on at specific times via a timer. On the Mayfair 5525, the shade is opaque and made of steel. In addition to this light there is also offered the Mayfair 5520 from the series with a translucent shade of methacrylate and other surfaces.

Technical details

Country of Manufacture	 Spain
Manufacturer	Vibia
Designer	Diego Fortunato
Year of design	2016
Protection class / IP rating	IP20
Contents of the package	LED
voltage suitability	230 - 240 Volt
Diameter in cm	30
material	polycarbonate, steel
Height adjustment	height determinable
dimming	1-10V dimmable
LED	inclusive
Colour Rendering Index	>90
Luminous flux in lm	2,027
Color temperature in Kelvin	2,700 extra warm white
canopy dimensions	16 cm
system performance	1 x 2.4 + 1 x 12.6 Watt
total height	200 cm
Dimensions	H 6 cm Ø 30 cm
