Oxygen FL2

Oberfläche

- black
- blue
- yellow
- white

Description

The Stilnovo Oxygen FL2 is a floor lamp with a straight rod. The lamp shade contains a diffuser made with OptiLight technology in which micro incisions are laser engraved on the diffuser. When the lamp is switched off, the diffuser is transparent due to this technology. When switched on, the diffuser directs the light of the LEDs upwards and downwards thanks to the micro incisions. This floor lamp is available in the surfaces white, black, blue and yellow. The shade is white from the inside in every version. Thanks to the IP40 degree of protection, the lamp is protected against solid components with a diameter of 1 mm or more. A push dimmer is integrated on the cable. With the memory function, the last brightness level set is saved when the lamp is switched on.

Technical details

Country of Manufacture	 Italy
Manufacturer	Stilnovo
Designer	Pio & Tito Toso
Year of design	2017
Protection class / IP rating	IP40
Contents of the package	LED
voltage suitability	230 - 240 Volt
Diameter in cm	56
material	Iron, polymethylmethacrylate, polyurethane
Cable length	400 cm
dimming	integrated Pushbutton dimmer
Wattage	36 W
LED	inclusive
Colour Rendering Index	90
Luminous flux in lm	4,042
Color temperature in Kelvin	3,000 warm white
light distribution	directly and indirectly
Dimensions	H 195 cm Ø 56 cm
