

Catellani & Smith

Lola T

Technical details

Country of Manufacture	 Italy
Manufacturer	Catellani & Smith
Designer	Enzo Catellani
Year of design	2018
Protection class / IP rating	IP20
Contents of the package	LED
voltage suitability	110 - 240 Volt
Projection in cm	42
material	brass, copper
dimming	cord dimmer
Colour Rendering Index	80
Luminous flux in lm	420
Color temperature in Kelvin	2,700 extra warm white
lamp stand dimensions	length 10, width 10 cm
bulb exchange	at the manufacturer / at the factory
system performance	3 x 1 Watt
Dimensions	H 40 cm

Description

The Catellani & Smith Lola T is a table lamp with a flexible adjustable arm. The maximum projection is 42 cm. The light rod, the light arm as well as the light base are completely made of untreated brass, which can change in the course of time by an intended oxidation effect. The lamp head is made of copper and contains three integrated, replaceable LEDs. The light can be switched and dimmed via a dimmer on the cable. With a memory function, the last set brightness of the table lamp is automatically selected again the next time it is switched on.
