Description

The Marset Funiculi A is a wall lamp that follows the style and characteristics of the Funiculi floor lamp designed by Lluís Porqueras for Marset in 1979. Equipped with the same double clip mechanism as the original, the wall lamp also allows easy height adjustment of the lamp shade. The shade can also be rotated 360 degrees. The lamp is available in black, moss grey, terracotta, green, mustard yellow and cream white. The light rod and the wall bracket are made of lacquered iron, the shade is made of lacquered aluminum. LED retrofit lamps can be used as illuminants. On the cable a toggle switch is integrated. The Funiculi A wall lamp can be connected via a mains plug or via a direct connection.
