Description

The Marset Cala P165 floor lamp has a total height of 165 cm and is suitable for indoor use. The cylindrical, pearly white shade has a diameter of 64.5 cm and a height of 32 cm. The floor lamp is stable thanks to a crossed frame of brown varnished oak wood. On the lower side of the lamp shade there is an acrylic diffuser to prevent possible glare. An on/off switch is integrated on the cable. Three halogen lamps, LED retrofit lamps or halogen energy-saving lamps can be used as illuminants.
