

Bover

Dome 60

Leistung in Watt

- 12,5
- 25

Technical details

Country of Manufacture	 Spain
Manufacturer	Bover
Designer	Benedetta Tagliabue
Year of design	2015
Protection class / IP rating	IP20
Contents of the package	LED
voltage suitability	230 - 240 Volt
Diameter in cm	60
material	aluminum, Iron, wood
Height adjustment	height adjustable
dimming	dimnable with a trailing edge dimmer and with a leading edge dimmer
LED	inclusive
Colour Rendering Index	90
Color temperature in Kelvin	2,700 extra warm white
canopy dimensions	14 cm
shade color	wood
bulb exchange	at the manufacturer / at the factory
total height	90 - 300 cm
Dimensions	H 38 cm Ø 60 cm

Description

The lamp shade of the Bover Dome 60 LED pendant lamp in beech veneer has a diameter of 60 cm and is 38 cm high. The shade of this lamp is made of more than 170 small and large wood fragments. The light is emitted directly downwards but also diffusely, through the gaps in the mesh of the lampshade, and simultaneously distributed to the sides. The Bover Dome 60 is available with a white suspension. This lamp can be infinitely adjusted in height between 90 cm and 300 cm in one easy step. By means of a phase dimmer (TRIAC), the Bover 60 LED pendant lamp can be dimmed on site. The lamp is available with a 12.5 watt (Version Dome 60/01) LED or a 25 watt (Version Dome 60/02) LED. Both LED versions have a colour temperature of 2,700 Kelvin (extra warm white).
