

Holtkoetter

Lence platinum

Technical details

Country of Manufacture	 Germany
Manufacturer	Holtkoetter
Designer	Holtkötter
Protection class / IP rating	IP20
Contents of the package	LED
voltage suitability	230 - 240 Volt
Depth in cm	12
material	acrylic glass, aluminum, metal
surface	platinum
dimming	on site dimmable with a trailing edge dimmer
Wattage	5.4 W
LED	replaced by professional
Color temperature in Kelvin	2,700 extra warm white
Version	-
Lens diameter	8 cm
system performance	2 x 4 Watt
Total luminous flux in lm	800
light distribution	directly and indirectly
Wall mount dimensions	9 cm

Description

The Holtkötter Lence wall lamp emits light both downwards and upwards. The emitted light is refracted in both directions by a lens and evenly distributed. A part of the light is emitted both at the top and at the bottom of the wall and reflected from there into the room. Holtkötter's Lence is available in platinum, matt aluminum and polished aluminum. Two replaceable LEDs, each with a colour temperature of 2,700 Kelvin extra warm white, are integrated as illuminants. The wall lamp can be dimmed on site.
