

Mawa

Wittenberg 4.0 ceiling lamp semi-flush 3-lights LED

Oberfläche

- black
- white

Description

The Mawa Wittenberg 4.0 ceiling lamp semi-flush 3-lights LED has three spotlight lamp heads, which are individually adjustable. Each lamp head can be rotated 365 degrees and swivelled 90 degrees. The three lamp heads of this lamp are integrated half-flush into the ceiling housing. The light-emitting surface of the lamp heads is well glare-free and large. This lamp has a compact design in which neither screws nor cables are visible. The Wittenberg 4.0 ceiling lamp semi-flush 3-lights LED is available with powder-coated black matt and white matt surfaces. On request it is also offered with a black ceiling housing and lamp heads in chrome, brass or copper.

The integrated LEDs have a standard colour temperature of 2,700 Kelvin extra warm white, on request they are also available with 3,000 Kelvin warm white or 4,000 Kelvin white.

The radiator has a beam angle of 38 degrees. The beam angle determines the angle at which the light from an LED spotlight is emitted. With a larger beam angle, the light is distributed over a larger area. Optionally, the lamp can also be ordered with a beam angle of 12 or 24 degrees in the field Order Comment.

Technical details

Country of Manufacture	 Germany
Manufacturer	Mawa
Designer	Jan Dinnebier
Designer 2	mawa engineering
Protection class / IP rating	IP20
Contents of the package	LED
voltage suitability	230 - 240 Volt
material	aluminum, metal
beam angle	38 degrees
dimming	on site dimmable with a trailing edge dimmer
LED	inclusive
Colour Rendering Index	95
Color temperature in Kelvin	2,700 extra warm white
light head dimensions	8 cm
bulb exchange	on site itself
system performance	3 x 12,7 Watt
Total luminous flux in lm	3,300
Dimensions	H 10 cm B 10 cm L 30 cm
