

Cini & Nils

Convivio pendant lamp decentralized LED

Oberfläche

- chrome
- black

Description

The Cini & Nils Convivio pendant lamp decentralized LED has a transparent glass lens through which the light is bundled and emitted directly downwards. This transparent lens provides a distinctive, clear illumination. The lamp is supplied with a decentralized canopy, which allows it to be mounted independently of the power supply. The Convivio is available in chrome and matt black. The integrated LED is on site dimmable with a trailing edge phase dimmer. With an optionally available Casambi module, the light can also be dimmed with the Casambi App via Bluetooth using a smartphone / tablet. A version with integrated Casambi module is also offered on request. The maximum cable length of 385 cm can be individually set during assembly.

Technical details

Country of Manufacture	 Italy
Manufacturer	Cini & Nils
Designer	Luta Bettonica
Designer 2	Mario Melocchi
Year of design	2005
Protection class / IP rating	IP20
Contents of the package	LED
voltage suitability	230 - 240 Volt
Diameter in cm	11
material	aluminum, brass, glass, steel
Cable length	385 cm
Height adjustment	height determinable
dimming	on site dimmable with a trailing edge dimmer
Wattage	13 W
LED	inclusive
Colour Rendering Index	92
Luminous flux in lm	1,300
Color temperature in Kelvin	2,800 warm white
canopy dimensions	14 cm
Dimensions	H 65 cm Ø 11 cm
