

Lumina

Eve

Oberfläche

- brass
- black

Description

The Lumina Eve is a table lamp with indirect lighting. The lamp consists of a transparent glass cylinder with an aluminum lamp base. An LED is integrated in the base, so the light is emitted upwards onto a reflector made of metal. A touch dimmer on the lamp base allows the lamp to be dimmed continuously. With a short touch the table lamp is switched on and off, with a longer touch it is dimmed. The Eve from Lumina has an integrated LED as a light source with a colour temperature of 2,700 Kelvin, on request it is also available with 3,000 Kelvin warm white. The Eve is offered with two surfaces for the lamp base: brass and black. All surfaces offered are anodised, i.e. the material is provided with an oxidic protective coating using a special surface technology.

Technical details

Country of Manufacture	 Italy
Manufacturer	Lumina
Designer	Foster+Partners
Year of design	2019
Protection class / IP rating	IP20
Contents of the package	LED
voltage suitability	110 - 240 Volt
Diameter in cm	12
material	aluminum, glass, metal
dimming	Touch Dimmer
Wattage	4 W
LED	inclusive
Colour Rendering Index	>90
Luminous flux in lm	330
Color temperature in Kelvin	2,700 extra warm white
light distribution	indirectly
Dimensions	H 22 cm Ø 12 cm
