Description

The Foscarini Gregg Parete Grande Semi 1 is a wall lamp made of mouth-blown, acid-etched glass. The glass is satin white and has the shape of half a Gregg Grande lamp. The lamp is 39 cm high and 47 cm wide. Its depth is 19 cm. The painted metal wall bracket is available in white, gold and graphite versions. The light is emitted through the glass in all directions without glare and evenly. The Gregg Parete Grande Semi 1 can be operated with halogen lamps, LED retrofits or compact fluorescent lamps. This wall lamp is also available as a MyLight lamp, which can be dimmed with the Casambi App via Bluetooth using a smartphone or tablet. The series also includes the differently shaped Gregg Parete Grande Semi 2 and the smaller Media wall light.
