

Knapstein

VADA

Oberfläche

- brass matt
- Brass polished-matt
- nickel

Description

The Knapstein VADA wall lamp has a flexible reading arm that can be realigned at any time. The reading arm has a maximum projection of 44 cm. The lamp head of the reading arm is made of white satinised lead crystal glass. The light is thus emitted directly and glare-free into the room. The Knapstein VADA is available in the following surfaces: brass matt, brass polished-matt and nickel matt. The surface of the version brass polished-matt is partly polished and partly matt. The wall bracket is always supplied with the surface finish matching the lamp. An on/off switch is integrated on the wall bracket. A replaceable LED lamp can be used for the G9 socket.

Technical details

Country of Manufacture	 Germany
Manufacturer	Knapstein
Designer	Knapstein
Protection class / IP rating	IP20
Contents of the package	LED 230 Volt
voltage suitability	110 - 240 Volt
Projection in cm	44
material	brass, glass
Base / Socket	G9
Switchability	On the wall bracket
Power (max. Watt)	7 Watt
light head dimensions	5 cm, height 9 cm
bulb exchange	on site itself
Wall mount dimensions	7 cm
