

Grupa

Igram Wall

Technical details

Country of Manufacture	 Croatia
Manufacturer	Grupa
Protection class / IP rating	IP20
Contents of the package	LED
voltage suitability	230 - 240 Volt
Projection in cm	45
material	polymethylmethacrylate, steel
surface	black
Cable length	250 cm
dimming	on the lamp arm
Wattage	10.8 W
LED	inclusive
Colour Rendering Index	>90
Color temperature in Kelvin	2,700 extra warm white
light head dimensions	10 cm
Total luminous flux in lm	1,100
Wall mount dimensions	8 cm
Dimensions	H 94 cm

Description

The Grupa Igram Wall is a wall lamp with two lamp arms that are positioned at a 90 degree angle to each other. The horizontal lamp arm can be swivelled by 180 degrees. Both lamp heads can be rotated by 180 degrees. This allows the light to be emitted directly into the room, to the side and / or onto the wall. Diffusers made of opal polymethyl methacrylate provide glare-free light. A touch dimmer is integrated at the end of the horizontal lamp arm. The Igram wall lamp is made of matt black, powder-coated steel. Two LEDs, each with a colour temperature of 2,700 Kelvin extra warm white, are integrated as illuminants. The lamp can be connected directly to a wall connection or via a provided supply cable.
