

Bopp

Nano Pendant Lamp 140

Oberfläche

- aluminum
- black

Technical details

Country of Manufacture	 Germany
Manufacturer	Bopp
Protection class / IP rating	IP20
Contents of the package	LED
voltage suitability	230 - 240 Volt
material	aluminum
Height adjustment	height determinable
dimming	Touch dimmer on the lamp
Wattage	50 W
LED	inclusive
Colour Rendering Index	90
Color temperature in Kelvin	Dim to warm
Total luminous flux in lm	5,850
total height	max. 140 cm
Dimensions	H 5,5 cm B 1 cm L 140 cm

Description

The light of the Bobb Nano pendant lamp is emitted upwards and downwards at the same time. The uplight and the downlight can be dimmed separately with two push-button switches on the top of the lamp. Not only is it possible to dim the uplight and downlight separately, but when the lamp is dimmed, the light colour also changes from 2,900 Kelvin warm white to 2,200 Kelvin extra warm white. The maximum height of the lamp can be adjusted by shortening the cable to a maximum height of 140 cm from the ceiling to the lower edge of the lamp. This elongated pendant lamp made of aluminium has a 30 cm long, 11.7 cm wide and 2.6 cm high ceiling suspension. The Bopp Nano pendant lamp 140 is available in the surfaces polished aluminium and black. The ceiling suspension of this LED lamp has the same finish as the lamp.
