

Catellani & Smith

Luce che dipinge

Voltage

- 230 - 240
- 125 (special US version)

Description

The Catellani & Smith Luce che dipinge consists of a white canvas on which a movable, black light arm with lamp emits its light. The lamp is surrounded by a black lamp cover, which can be moulded. Due to the adjustable flex structure of the light arm as well as the shapeable bulb cover, always new impressive pictures can be created out of light and shade on the canvas. Enzo Catellani designed this extraordinary light object in 2002 and gave it the appropriate name of "light painting".

The Luce che dipinge has a canvas in the size 50 x 50 cm. As lamp, a replaceable, low-voltage LED with a power of 1.5 watts is delivered.

Technical details

Country of Manufacture	 Italy
Manufacturer	Catellani & Smith
Designer	Enzo Catellani
Year of design	2002
Protection class / IP rating	IP20
Contents of the package	LED
voltage suitability	110 - 240 Volt
material	canvas
Base / Socket	G4
Wattage	1 W
LED	inclusive
Colour Rendering Index	80
Luminous flux in lm	75
Color temperature in Kelvin	2,700 extra warm white
bulb exchange	on site itself
Dimensions	H 50 cm B 50 cm
