

Bopp

Session 4-lights

Dimmbarkeit

- dimmable with a trailing edge dimmer and with a leading edge dimmer
- with Casambi module
- with ZigBee module

Description

The rectangular LED ceiling light Bopp Session 4-light is made of aluminium and emits warm white light glare-free directly and into the room. This LED ceiling light in the polished aluminium finish is 73 cm long, 8 cm wide and 12 cm high. The rectangularly designed lamp has a combination of two externally mounted, tiltable and rotatable spotlight heads and two fixed, centrally arranged luminaire elements. The two outer, tiltable and rotatable spotlight heads enable precise alignment of the light sources. The lamp is available in three versions: dimmable with a trailing edge and / or leading edge phase dimmer, with a Casambi module or with a ZigBee module. With a Casambi module, it is possible to operate the ceiling light via smartphone or tablet using the Casambi app via Bluetooth. With a ZigBee module, the lamp can also be regulated via voice control. Both modules allow the lamp to be controlled via app.

Technical details

Country of Manufacture	 Germany
Manufacturer	Bopp
Protection class / IP rating	IP20
Contents of the package	LED
voltage suitability	230 - 240 Volt
material	aluminum
surface	aluminum
LED	inclusive
Colour Rendering Index	80
Color temperature in Kelvin	2,700 extra warm white
system performance	2 x 5 Watt + 2 x 8,5 Watt
Total luminous flux in lm	2,620
Dimensions	H 12 cm B 8 cm L 73 cm
