Wattage	14 W
LED	inclusive
Colour Rendering Index	>90
Luminous flux in lm	1,608.2
Color temperature in Kelvin	2,700 extra warm white
Dimensions	H 30 cm L 106 cm

Description

The Betec Clarus picture light has a lamp head that can be rotated around its own axis. This allows it to be realigned as needed to illuminate a picture without glare. The lamp is ideal for illuminating pictures, menus and music stands. The high constant light output with low power consumption and extremely long service life are ideal prerequisites for modern picture lighting. Here, the lamp is offered with a length of 106 cm and a projection of 17 cm (bracket type 17).

The Betec 106 cm is available in the surfaces brass glossy, brass matt, chrome, nickel glossy, nickel matt, burnished, black matt, gold glossy and gold matt. The scope of delivery includes a mounting set with which the lamp can be easily attached directly to a picture or to the wall. The picture light has a colour temperature of 2,700 Kelvin extra warm white as standard. On request, it is also available with 2,400 Kelvin extra warm white, 3,000 Kelvin warm white or 3,100 Kelvin white. The integrated, dimmable LED is characterised by very good colour rendering with a high colour rendering index of Ra >90. A touch dimmer is offered as an accessory, with which the lamp can be switched and dimmed by touch. Betec offers the Clarus lamp in ten other lengths and with a projection of 11 cm or 22 cm.
