

Licht im Raum

Ocular Spot 2 Series 100 Zoom semi-recessed

Oberfläche

- satin nickel-plated
- polished

Description

The Light in Space Ocular Spot 2 Series 100 Zoom semi-recessed is a two-lamp spotlight. The two lenses, each with a diameter of 100 mm, can be swivelled. The Ocular lenses focus and control the light in a precise, glare-free manner, creating an outstanding quality of light. To change the beam angle of the light, the lenses can be zoomed in or out. In this way, the beam angle can be variably adjusted between 50 and 70 degrees.

The two lamp heads of the lamp can be directed via swivel and tilt joints. The Ocular Spot 2 Series 100 Zoom semi-recessed is made of stainless steel and is available with a matt nickel or polished finish. The rectangular recessed box is semi-recessed into the ceiling or wall.

Technical details

Country of Manufacture	 Germany
Manufacturer	Licht im Raum
Designer	Licht im Raum
Protection class / IP rating	IP20
Contents of the package	LED
voltage suitability	230 - 240 Volt
material	stainless Steel
beam angle	50 - 70 degrees
dimming	dimmable on site
Luminous flux in lm	4,708
Color temperature in Kelvin	2,700 extra warm white
Lens diameter	100 mm
light head dimensions	12 cm
system performance	2 x 17.1 Watt
Dimensions	H 17 cm L 30 cm
