

Catellani & Smith

Ettorino F

Oberfläche

- black
- multicoloured
- white

Description

The Catellani & Smith Ettorino F floor lamp can be flexibly oriented. This allows the light to be directed exactly where it is needed. The lamp arm has a projection of 73 cm and can be individually tilted. Via a joint on the upper part of the lamp rod, the lamp arm can additionally be rotated 350 degrees around its own axis. The lamp head of the Ettorino F can be rotated and tilted. Depending on how the floor lamp is oriented, the lamp head has a height between 103 cm and 165 cm. Thanks to a patented process, the lamp always retains the set position.

The Ettorino F is available in the surfaces white, black and multicoloured. On the lamp arm, the floor lamp has a small, red, human figure as a design element. The lamp can be switched and dimmed continuously via a push button dimmer on the lamp rod. The integrated LED has a colour temperature of 2,700 Kelvin extra warm white.

Technical details

Country of Manufacture	 Italy
Manufacturer	Catellani & Smith
Designer	Enzo Catellani
Year of design	2022
Protection class / IP rating	IP20
Contents of the package	LED
voltage suitability	110 - 240 Volt
Projection in cm	73
material	aluminum, metal
dimming	Push button dimmer at the light rod
Wattage	10 W
LED	inclusive
Colour Rendering Index	80
Luminous flux in lm	1,440
Color temperature in Kelvin	2,700 extra warm white
lamp stand dimensions	length 25, width 25 cm
bulb exchange	on site itself
Dimensions	H 103 - 165 cm
