Description

The Favor S LED floor lamp from the German manufacturer Holtkötter has a lamp head that can be rotated and tilted for precise light direction. The height of the floor lamp can be individually adjusted between 113 cm and 143.5 cm using an invisible lift mechanism. The round base of the Holtkötter Favor S has a diameter of 21 cm and the lamp head has a diameter of 12.8 cm. The light can be switched on and off and the brightness continuously adjusted using a touch dimmer on the light rod. When dimmed, the light colour of the integrated LED changes to a warmer tone (from 2,850 Kelvin to 2,200 Kelvin) thanks to the dim-to-warm technology. The Holtkötter Favor S is available in the following surface textures: Matt aluminium, black/brass anodised, platinum and black.
